

SITOR cylindrical fuse link, 10 x 38 mm, 6 A, gR, Un AC: 690 V, Un DC: 440 V

| Model                                      |                                  |
|--|----------------------------------|
| product brand name                         | SETRON                           |
| product designation                        | SITOR cylindrical fuse link      |
| General technical data                     |                                  |
| operating class of the fuse link           | gR                               |
| size of the fuse link                      | 10x38 mm                         |
| type of voltage / of the operating voltage | AC                               |
| supply voltage / at DC                     | 440 V                            |
| operating voltage / at AC / rated value    | 690 V                            |
| operational current / at AC / rated value  | 6 A                              |
| Main circuit                               |                                  |
| operational current / rated value          | 6 A                              |
| Product details                            |                                  |
| product component / striker                | No                               |
| Mechanical Design                          |                                  |
| mounting position                          | Any, preferably vertical         |
| net weight                                 | 9 g                              |
| <b>General Product Approval</b>            | <b>Declaration of Conformity</b> |
