ambient conditions	
ambient temperature	
during operation	0 50 °C
during storage	-40 +85 °C
during transport	-40 +85 °C
relative humidity	10 400 0
at 25 °C / without condensation / during operation / maximum	95 %
protection class IP	IP20
design, dimensions and weights	
design	19" rack
number of modular height units / relating to 19-inch cabinet	1
width	449 mm
	44 mm
height depth	305 mm
net weight	4.7 kg
fastening method	T. I Ng
19-inch installation	Yes
35 mm top hat DIN rail mounting	No
wall mounting	No
S7-300 rail mounting	No
S7-1500 rail mounting     S7-1500 rail mounting	No
type of cable outlet	Cable outlet at front
product features, product functions, product components	
cascading in cases of star topology	any (depending only on signal propagation time)
product functions / management, configuration, engineeri	ng

## security information

security information

Siemens provides products and solutions with industrial security functions that support the secure operation of plants, solutions, machines, equipment and/or networks. They are important components in a holistic industrial security concept. With this in mind, Siemens' products and solutions undergo continuous development. Siemens recommends strongly that you regularly check for product updates. For the secure operation of Siemens products and solutions, it is necessary to take suitable preventive action(e.g. cell protection concept) and integrate each component into a holistic, state-of-the-art industrial security concept. Third-party products that may be in use should also be considered. For more information about industrial security, visit http://www.siemens.com/industrialsecurity. To stay informed about product updates as they occur, sign up for a product-specific newsletter. For more information, visit http://support.automation.siemens.com. (V3.4)
