Miniature circuit breaker 400 V 6kA, 2-pole, C, 6A

| Model   |                                      |
|---|--------------------------------------|
| product brand name  | SENTRON                              |
| product designation   | Miniature circuit breaker            |
| General technical data  |                                      |
| number of poles   | 2                                    |
| tripping characteristic class   | С                                    |
| mechanical service life (switching cycles) / typical  | 10 000                               |
| overvoltage category  | III                                  |
| degree of pollution   | 2                                    |
| Voltage   |                                      |
| type of voltage / of the operating voltage  | AC                                   |
| insulation voltage  |                                      |
| <ul> <li>with multi-phase operation / at AC / rated value</li> </ul>                        | 440 V                                |
| Supply voltage  |                                      |
| supply voltage / at AC / rated value  | 400 V                                |
| operating voltage   |                                      |
| <ul> <li>with multi-phase operation / at AC / maximum</li> </ul>                            | 440 V                                |
| <ul> <li>at DC / rated value / maximum</li> </ul>   | 72 V                                 |
| Protection class  |                                      |
| protection class IP   | IP20, with connected conductors      |
| Switching capacity  |                                      |
| switching capacity current  |                                      |
| <ul> <li>acc. to EN 60898 / rated value</li> </ul>  | 6 kA                                 |
| acc. to IEC 60947-2 / rated value   | 6 kA                                 |
| energy limitation class   | 3                                    |
| Dissipation   |                                      |
| power loss [W] / for rated value of the current / at AC / in hot operating state / per pole | 0.7 W                                |
| Current   |                                      |
| operational current   |                                      |
| • at 30 °C / rated value  | 6 A                                  |
| • at 40 °C / rated value  | 5.64 A                               |
| • at 45 °C / rated value  | 5.4 A                                |
| • at 55 °C / rated value  | 5.04 A                               |
| • at AC / rated value   | 6 A                                  |
| suitability for operation   | Residential buildings/infrastructure |
| Product details   |                                      |
|   |                                      |

| product function / neutral conductor switching                                       | No                   |                              |                      |
|--|----------------------|------------------------------|----------------------|
| product function / neutral conductor switching<br>product feature / touch protection | Yes                  |                              |                      |
| product reature / rouch protection   |                      |                              |                      |
|  | Yes                  |                              |                      |
| <ul> <li>halogen-free</li> <li>sealable</li> </ul>                                   | Yes                  |                              |                      |
| selable     silicon-free   | Yes                  |                              |                      |
|  | Yes                  |                              |                      |
